

DRAINAGE MINUTES
DISTRICT LAFAYETTE #73
NOVEMBER 12, 2020

The Drainage District Trustees of Story County met in a Zoom conference originating from the Public Meeting Room of the Story County Administration Building in Nevada, IA to consider the annexation of additional lands into Drainage District Lafayette #73. Members present were Lisa Heddens, chair, and Lauris Olson. Also present were Story County Engineer Darren Moon and Drainage Clerk Scott Wall, Drainage Engineers Kent Rode and Tyler Conley from Bolton & Menk, Inc., and landowner Mark Hermanson.

Heddens called the meeting to order at 10:45 a.m. and stated it was being held virtually on the Zoom videoconferencing platform due to the ongoing COVID-19 pandemic and the attendant risks of meeting in person.

Olson moved, seconded by Heddens, to approve the agenda. Motion carried unanimously (MCU).

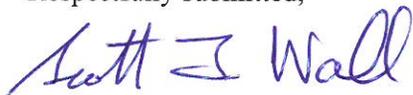

Rode summarized the annexation report (on file at the Story County Auditor's Office). The process was initiated by Nick Hermanson, representing Woodland Farms, who requested that land owned by Woodland Farms be annexed into Joint Drainage District Hamilton #105-Story #1. The request prompted a look at two neighboring districts as well, one of which was Lafayette #73. The lands recommended for annexation into Lafayette #73 were classified based on the original schedule and will be added to the existing district classification.

Wall said the Auditor's Office had not received any comments regarding the proposed annexation.

Olson moved, seconded by Heddens, to annex the additional lands in the engineer's report into Lafayette #73 and add those lands to the existing classification schedule. MCU.

Olson moved, seconded by Heddens, to adjourn. MCU. Meeting adjourned at 10:51 a.m.

Respectfully submitted,

Scott T. Wall
