**Subject:** RE: County tile repair sc 18

Bill,

I have attached the invoice and map of the tile repair that we completed. We mailed an invoice but it was returned to us in the mail today. We installed 690' of tile to get tied onto a good existing clay tile and also tied in an existing 10" clay tile. We moved the junction of the 10" tile up where it was deeper, but billed that extra 50' to Hertz. Call with any questions; 641 482 3202 or 641 751 7165 cell

Thanks,  
Jim

Bill,

Let me know if I can proceed with tile repair.

Thanks,  
Jim

washed out, It is very shallow where it is in the middle of the waterway.

We will install the new tile over on the edge of the waterway to get some  
extra depth and cover.

> The existing tile is a 20" clay which will be replaced with a 24" dual wall  
perforated tile. I have also attached some photos of the broken tile and an  
aerial photo showing proposed work.
