

Public Notice

Antidegradation Alternatives Analysis for City of Slater Wastewater Treatment Plant

Notice Date: August 30, 2016

Notice is hereby given that the City of Slater, Iowa, has completed a draft antidegradation alternatives analysis for discharge of treated wastewater to Fourmile Creek. The action being considered is construction of wastewater treatment facility improvements to meet its new NPDES permit limits. Fourmile Creek is protected for Class A1 primary contact recreational and B(WW-2) warm water beneficial uses.

Anyone wishing to comment on the proposed treatment alternative must do so in writing within 30 days of the date shown at the top of this notice. Comments may be submitted to the City of Slater by hand delivery, mail or email: Mary Beth Sprouse, City Administrator, City of Slater, 101 Story Street, P.O. Box 538, Slater, IA, 50244-0538, slateriowa@huxcomm.net.

Copies of this notice and the draft antidegradation alternatives analysis are on file and available for public inspection from 8:00 AM to 5:00 PM Monday through Friday at the above address. Copies of this information may be requested by contacting the City of Slater at 515-685-2531 or the above email address. The City of Slater will submit a summary of comments received and the City of Slater's responses to the Iowa Department of Natural Resources with the final alternatives analysis subject to IDNR review and approval.
